harbour view vitality pool

incorporating a number of features to enable the bather to self administer massage, the vitality pool is heated to temperatures of up to 38°C. it is equipped with ergonomic loungers designed to provide full body air jet.

experience shower

combined with lights and refreshing scents, these unique showers provide both cold and warm body jets that gently massage the body.

aroma steam room

maintained at a temperature of 42°C-45°C, moist aromatic heat with heated floors, walls and seats are provided. the main feature is known for its healing properties to ease headaches and migraines, release tension and increase concentration. the body is warmed slowly and continuously, reaching the inner body and organs.

dry sauna

sauna is the only finnish word in the english dictionary, meaning "bath" or "bathhouse". saunas first started as bathing rooms heated by stones placed in log fires and splattered with water. they were used to relax, improve overall health and promote wellbeing. high heat (average of 80°C) and low humidity (about 25°C) create an environment that encourages the body's natural cleansing through perspiration. impurities are flushed away and clear and healthy skin is maintained.
